Request to Use the UCCS Military Critical Technical Data Agreement (DD Form 2345)

This form is required for use of the DD2345 Certification on file with the UCCS Office of Sponsored Programs and Research Integrity (OSPRI). The DD2345 Certification allows an employee of a registered entity to receive and access military critical technical data (MTCD) or attend conferences or special briefings. It is used at the request of the sponsor or provider of the data/event.

This form is to be completed by each individual requesting to use the UCCS DD2345 Certification.

Please note this form helps the Export Control Officer to determine next steps related to the request. This may involve training and/or the develop of a technology control plan.

Submit the form to: Mike Sanderson via exportcontrol@uccs.edu

Applicants name:

Department:

Name of entity or group providing the MCTD:
