Beth-El College of Nursing and Health Sciences

College Policy on Indirect Cost Recovery (ICR)
From Externally Sponsored Programs

I. PURPOSE

This policy allows the college portion of Indirect Cost Recovery (40%) to be split within the college infrastructure. The ICR funds will be used to support the college research infrastructure and to attract future awards.

II. POLICY

- A. This policy is intended to be consistent with the above referenced CU System Administrative Policy Statement and the UCCS Policy on ICR from Externally Sponsored Programs as it relates to both distribution and use of ICR funds.
- B. In general, the distribution of ICR funds received by the campus each year will be as follows:
- 20% will be allocated to the Dean to be used for equipment, clerical staff, research space, and other necessary resources related to performing sponsored activities and attracting sponsored awards
 - 10% will be allocated to the Department Chair to be used for equipment, research space, and resources related to performing sponsored activities and attracting sponsored awards.
 - 10% will be allocated to the Principal Investigator to be used for equipment, research space, and necessary resources related to performing sponsored activities and attracting sponsored awards.

III. AUTHORITY FOR CAMPUS POLICIES

A. CU System Administrative Policy Statement (APS) "Policy on Indirect Cost Recoveries," dated July 1, 1990.

B. Distribution of Indirect Cost Returns (ICR) from Externally Sponsored Programs
UCCS Policy (POLICY NUMBER:
200-009) dated February 21, 2005.

C. If the project is implemented at the Lane Center clinics, ___% of the Dean's 20% will be allocated to offset costs incurred at Lane. Examples of such costs include: scheduling, director oversight, ...
