

## **Distribution of Facilities and Administrative (F&A) Funds from Externally Sponsored Programs**

**June 2022**

F&A funds awarded to library faculty and staff will be divided amongst several groups to help offset the indirect costs incurred by the externally sponsored funds. These funds are restricted to funding resources and staffing necessary for conducting and attracting sponsored activities. The regular distribution is:

- 60% returned to the Dean
- 20% returned to PI
- 20% returned to unit(s) providing primary pre-award and post-award grant support

A Differential F&A Distribution Addendum may be used when appropriate and agreed to by all parties involved.
